

Nature-Friendly Ordinances: Local Measures to Conserve Biodiversity

Table of Contents

Chapter One

Introduction	1
Other Sources of Information	2
Use of the Guidebook.	3
Qualities of Effective Nature-Friendly Ordinances.	4

Chapter Two

Conservation Guidelines for Land Use Ordinances	7
Overarching Guidelines	8
Guidelines for Land Use Decisions	10
Conclusion	19

Chapter Three

Information for Local Conservation	23
Need for Conservation	23
Information for Action.	24
Choosing Land Use Tools	28

Chapter Four

Planning and Zoning.	31
The Comprehensive Plan.	31
Zoning Districts	38
Overlay Zones	42
Agricultural Protection Zoning	47
Cluster Zoning	51
Incentive Zoning	55
Performance Zoning	58
Traditional Neighborhood Development	61
Conclusion	62

Chapter Five

Development Approvals	69
Development Applications and Information Requirements	69
PUD	71

Exactions and Proffers	73
Subdivision Regulation	78

Chapter Six

Growth Management and Infrastructure Ordinances	85
TDRs.	85
PDRs.	91
Urban Growth Boundaries	95
Priority Development Areas/Urban Service Boundaries.	98
Adequate Public Facilities Requirements	101
Transportation Strategies	104
Revitalization Incentives	107

Chapter Seven

Conservation Practice Ordinances	115
Floodplain Management	115
Wetlands and Watercourses	118
Stormwater Management/Sediment and Erosion Control.	121
Steep Slope Limitations.	123
Forest Conservation/Tree Protection	126
Vegetation Controls.	129
Utility Right-of-Way Siting and Management.	131

Chapter Eight

Public Open Space Acquisition and Management	139
Purchase of Open Space or Conservation Easements	139
Public Open Space Management.	141
Urban Retrofitting	144

Chapter Nine

Conclusion.	149
