

NANOTECHNOLOGY DESKBOOK

Table of Contents

Biographies	vii
Foreword	ix
Article	
Environmental Regulation of Nanotechnology	1
Appendix A	
U.S. EPA, Nanotechnology “White Paper”	79
Appendix B	
U.S. EPA, TSCA Inventory Status of Nanoscale Substances—General Approach	213
Appendix C	
U.S. EPA, Concept Paper for the Nanoscale Materials Stewardship Program Under TSCA	223
Appendix D	
Environmental Defense—DuPont Nano Partnership, “Nano Risk Framework”	
Nano Risk Framework	247
Nanomaterial Risk Assessment Worksheet: DuPont Light Stabilizer for Use as a Polymer Additive	349
Nanomaterial Risk Assessment Worksheet: Incorporation of Single and Multi Walled Carbon Nano Tubes (CNTs) into Polymer Nanocomposites by Melt Processing . . .	353
Nanomaterial Risk Assessment Worksheet: Zero Valent Nano Sized Iron Nanoparticles (nZVI) for Environmental Remediation	359
Appendix E	
U.K. Dept. For Env’t, Food and Rural Affairs, U.K. Voluntary Reporting Scheme for Engineered Nanoscale Materials	
U.K. Dept. For Env’t, Food and Rural Affairs, U.K. Voluntary Reporting Scheme for Engineered Nanoscale Materials	365
Annex A—DeFRA: Voluntary Reporting Scheme for Engineered Nanoscale Materials: Data Response Form	379
