## CLEAN WATER BRANCH

New

### Amendments to Hawaii Administrative Rules (HAR), Chapter 11-55 (Water Pollution Control), Effective February 9, 2019.

The DOH-CWB amended HAR Chapter 11-55. Please go to the [Hawaii Administrative Rules \(HAR\), Chapter 11-55](#) page to view the latest amended rules including all Appendices.

To view the individual Appendices, including revised/renewed General Permits in Appendices C and L, please go to our [NPDES General Permits](#) page. You can view and/or download each General Permit and find information on how to apply for coverage.

The Hawaii Department of Health, Clean Water Branch (CWB) has moved. Our new office is located in Pearl City on Waimano Home Road.  
If you are sending mail to us, our address is:

State of Hawaii  
Clean Water Branch  
2827 Waimano Home Rd #225  
Pearl City, HI 96782

Items of note:

- Current CWB phone numbers and employee email addresses remain unchanged. The CWB no longer uses a fax, however, emails to [CleanWaterBranch@doh.hawaii.gov](mailto:CleanWaterBranch@doh.hawaii.gov) will suffice for communication if a fax was previously required.
- A guard is posted at the front gate of the Waimano Home Road facility, and, to gain access, guests may be required to show proper identification and/or inform the guard of the name and address of the agency they are visiting.

Please pardon any inconveniences due to our move. Your patience is truly appreciated! Any questions, please give us a call at (808) 586-4309.

## CWB
