4585 Pacheco Blvd., Suite 100
Martinez, CA 94553

Randy is the Contra Costa County Chief Environmental Health and Hazardous Materials Officer. The Contra Costa County Hazardous Materials Programs is the Contra Costa County Certified Unified Program Agency (CUPA). Other programs administered by the division includes the primary Hazardous Materials Response team for the County, Green Business Program, Pollution Prevention, Storm Water Program, and the administration of the County's and the City of Richmond's Industrial Safety Ordinances.

The Environmental Health Programs include: Body Art, Land Use, Medical Waste, Recreational Health, Food, Small Water Systems, and Solid Waste.

Randy was hired by the County as an Accidental Release Prevention Engineer in January 1992, and has held the following positions: Accidental Release Prevention Engineering Supervisor, Hazardous Materials Director, and the Chief Environmental Health and Hazardous Materials Officer.

Randy has worked as a Project Manager, Project Engineer, Process Engineer, Facility Engineer and Production Engineer for Dow Chemical, Mobay Chemical and Acorjet General. At these companies he has worked in the production of ethylene and propylene, specialty chemicals, and agricultural chemicals. He has been responsible for the design, construction and startup of multi-million dollar projects. He has also been responsible for the operation and maintenance of chemical facilities.

Randy has a Bachelor of Science degree in Chemical Engineering from the University of Missouri at Rolla.
